

Name: A STUDENT

Design Example

This is an example of a web page that has been created as part of a school promotion – it is not directly related to Cash 4 Kids but can be used for ideas

Name of school After school activities		Web Page Name After school activities	
Text to make our audience aware of what after school activities are on offer – list all activities – sports as well as after school clubs – homework club etc		Font: Comic Sans MS - this gives a fun look to the text and also makes it easy to read.	
Insert some images of the clubs in action – use the digital camera to take images of people taking part in a variety of activities.		Font Size: Will use size 14 for most of it but the headings and sub-headings will be larger – main headings 30pt, sub-headings 24pt.	
Put some text here to explain the benefits of taking part in these activities – perhaps use some comments from students that are already taking part		Colours: I want the work to look professional yet enjoyable so will use a pale blue background with dark blue writing – this will give a professional look. It will need to appeal to young people mainly but parents of prospective students may be interested.	
<ul style="list-style-type: none">• Link to the home page• Link to the pupils experiences page• Link to Our School page		Pictures: I will use pictures from the official school website plus pictures of the activities taking place. I will take some photographs using the digital camera and will scan some images from the school magazine.	
Link to official school website (have this on the bottom of each page)		Text: I will use some text from the official school website plus I will add some of my own. I will use www.???school.co.uk as it is the official website for the school.	
		Links: The links will be to the official school website plus to the other pages in the structure. I will set up links on each page as buttons so that users can go from page to page easily.	
		Assets	
	Filename	Description	
	Hockeymatch.jpg	Image of the hockey match taking place – I will have to get permission to take the photos of the pupils taking part.	
	Chessclub.jpg	Image of 2 pupils playing chess – permission must requested before I can take the photos
