#### Web Page Name

### What to wear to the Prom

**Font:** For this page I think I will use Verdana as the font, I think this is easy to read and is good for this page.

**Font Size:** The main heading will be 36pt Bold and the text will be 14pt.

**Colours:** The background will be a light blue, I think this shows a sense of calm. I will use brightly coloured text throughout to bring in the party mood – some of the text will be flashing. Having the pale blue background will mean that most other colours will match,

**Pictures** The pictures that I will use on this page come from previous Proms held at the school. I asked Miss Peters if it would be OK.

**Text** I found the text that I have used on this page on a web site, that advertises party wear ([www.xxxx.co.uk](http://www.xxxx.co.uk)). I also went onto my local town and asked in some of the shops.

**Links:** The link to an external site that I will use is to our own school websites page where various events being held at the school are advertised.

#### Assets

<b>1</b>	Girl.jpg	A picture of a girl dressed up in party wear showing how smart it looks
<b>2</b>	Boy.jpg	A picture of a boy dressed up in a tuxedo showing how smart it looks
<b>3</b>	Group1.jpg	A picture of a group of pupils in a school prom from a previous event enjoying themselves
<b>4</b>	Group2.jpg	A picture that shows a group of pupils in a formal setting at a previous event.
